RE: Proposed Ramp Expansion

Dear Mr. Gubry:

As per our earlier conversation, I wish to clarify some issues regarding the proposed expansion of the West Aircraft Ramp at The Ohio State University Airport.

The purpose for the expansion is to relocate aircraft currently tied-down at the Airport. The relocation of these aircraft from the East Ramp to the West Ramp will provide better visibility of these aircraft from the Airport terminal; thus, increasing security.

The purpose of the expansion is not to attract more aircraft to the Airport. The Airport currently has a number of vacant tie-downs with limited demand for such facilities.

Thank you for your continued interest in, and support of The Ohio State University Airport. Should you have any questions regarding this project, feel free to contact me at 614/292-5460.

Respectfully,

THE OHIO STATE UNIVERSITY AIRPORT

Douglas E. Hammon
Airport Director
